Hello Pouwel and all the GTI2018 team

First of all I would like to send you my best wishes and all my special thanks.

I have enjoyed very much for being at the GTI Conference and left much more inspired for my daily work today ☺  
I don't have a powerpoint presentation because I have presented a short movie about my work, if you want you can see it or put the link ( <https://youtu.be/xKa-hfbE7S0> ) at the GTI web page with the rest of the presentations.

Once again, Thanks to everybody  
And hugs from Portugal
