Background:

I've been living at institutions for many years and I have had so many people in and out of my door. I find peace and security by sitting next to my radio. I love listening to the radio.

As the years have gone by my vision has come worse. I have epilepsy. My vocabulary is limited.

My strengths and how I express them:

Humor: When I'm very playful and love to laugh, I would like if you could mirror me and tease me.

Thoughtfulness: When you enter my door, I will very much like to shake your hand.

Because of my vision I love when you inform me where my roommates are.

Persistence: I love repetitions and predictability every day.

Leadership: I like when you ask me what I want. But don't make me to confused, by asking to many questions.
